Program Chair: Therese Duane, M.D.

Objectives: Upon completion of this activity, the participants should be able to:

- Discuss soft tissue reconstructive principles
- Review the basic understanding of flaps
- Identify anatomical designs of blood supply to soft tissue
- Explain flap classifications
- Describe local tissue rearrangement geometric designs

Target Audience: This activity is designed for Texas Health Fort Worth surgeons, physicians and general surgery residents, PA, nursing and nurse practitioners

Accreditation: In support of improving patient care, Texas Health Resources is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Designation of Credit:

Physicians: The Texas Health Resources designates this live activity for a maximum of 1 *AMA PRA Category 1 Credit*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nurses: One (1) contact hour will be provided for nursing

Format: Didactic presentation with interactive question and answer session

Doctors on the medical staff practice independently and are not employees or agents of the hospital or Texas Health Resources except resident doctors in the hospital's graduate medical education program.
