Don't Miss This Opportunity for Training!

The #1 Evidence-Based IP Program for Distracted Driving.

Impact Teen Drivers is a non-profit organization dedicated to educating teens, parents, and community members about the dangers of reckless and distracted driving using evidence-based programming and materials.

The Impact Teen

Drivers' programs are evidence-based, cost-effective, and reach teens with engaging educational videos, interactive materials, and high-energy presentations and discussions.

<https://www.impactteendrivers.org>

This activity is designed for nurses and EMS providers. We also invite physicians, law enforcement officers, and anyone who delivers safety and injury prevention education to the public.

See registration site for more information about continuing education accreditation for nurses and EMS providers.

Impact
Teen Drivers

Please register by October 26, 2022 to ensure enough participant supplies.

This event is in-person only and will not be available in virtual format.
