"Congenital Diaphragmatic Hernia (CDH): A Process of Continuous Learning"

Vedanta S. Dariya, M.D., FAAP

Assistant Professor, Pediatrics UT Southwestern Medical Center – Dallas, Texas

Objectives:

- Review the epidemiology, embryology and pathophysiology of CDH.
 - Identify the prenatal markers of CDH.
 - Discuss the changing paradigm of pulmonary hypertension and cardiac failure in CDH patients.
 - Describe the team approach to improve the care of patients with CDH.

Program Director: Christina Chan, M.D.- program director, Department of Pediatrics, UT Southwestern Medical Center

medical director, NICU, Texas Health Presbyterian Hospital Dallas – Dallas, Texas

Target Audience: This interprofessional activity is designed for physicians and nurses in neonatology, pediatrics and

obstetrics. We also invite respiratory therapists to attend.

Format: Didactic lecture with question-and-answer session

Accreditation:

In support of improving patient care, Texas Health Resources is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Designation of Credit:

Physicians: The Texas Health Resources designates this live activity for a maximum of 1 *AMA PRA Category 1 Credit*TM. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nurses: 1 contact hour will be provided for nursing.
