Objectives: Upon completion of this activity, the participants should be able to:

- Examine the lasting impact of war beyond physical trauma, exploring its psychological, social, and cultural toll
- Share firsthand experiences of deploying cutting-edge technology in conflict zones, highlighting both challenges and breakthroughs
- Analyze how warfare extends beyond the battlefield, becoming a strategic tool to instill fear and destabilize a nation
- Explore how collaboration and shared resilience drive innovation and care in the face of profound physical and emotional trauma

Target Audience: This interprofessional activity is designed for physicians and nurses in the following specialties: emergency medicine, surgery (general and trauma), orthopedics, radiology, internal medicine, family medicine and pediatrics. We also invite allied health professionals to attend.

Format: Didactic presentation with Q&A session

Accreditation: In support of improving patient care, Texas Health Resources is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.
