Objectives: Upon completion of this activity, the participants should be able to:

- Define domestic violence (DV) and its forms including physical, emotional, sexual, financial, and psychological
- Identify signs, symptoms, and dynamics of DV across diverse populations.
- Describe key frameworks like the cycle of violence, power and control wheel, and stages of change and the impact on medical interaction
- Discuss how the interprofessional healthcare team can use trauma-informed communication to ask about DV in clinical settings.
- Respond effectively when standard referrals (e.g., shelters or hotlines) are insufficient.

Target Audience: This interprofessional activity is designed for psychiatrists, nurses and social workers. We also invite psychologists, occupational therapists, physical therapists, recreational therapists, mental health technicians, EMS, clergy and administrators to attend.

Format: Didactic presentation with Q&A session

Accreditation: In support of improving patient care, Texas Health Resources is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.
