**Objectives:** Upon completion of this activity, the participants should be able to:

- Identify common needs encountered in community crisis co-response, including mental illness, substance use, homelessness, and social service needs, and determine an appropriate immediate response goal
- Apply practical crisis-intervention strategies, including de-escalation, motivational interviewing, solution-focused techniques, and safety planning, to support least-restrictive and person-centered decision-making
- Demonstrate interprofessional collaboration and teamwork by recognizing the distinct roles of the client, law enforcement, medical professionals, behavioral health clinicians and community partners in assessing needs, identifying priorities, and developing a coordinated person – centered response

**Target Audience:** This interprofessional activity is designed for psychiatrists and licensed psychotherapists. We also invite psychologists, nurses, occupational/physical/recreational therapists, mental health technicians, clergy, administrators, EMS and other professionals working with behavioral health patients to attend.

**Format:** Didactic presentation with Q&A session

**Accreditation:** In support of improving patient care, Texas Health Resources is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.
